TO ALL IAMAW MEMBERS

AIR CANADA MAINTENANCE (ACM)

YWG UPDATE

Brothers and Sisters:

IAM District 140 has been in discussions with ACM Senior Management for several months regarding the possibility of additional work for "B Stations". We are pleased to report Air Canada has agreed to add Narrow Body Airbus A Checks into our YWG Station.

This additional work will result in approximately twelve (12) recalls to YWG. The checks will be planned overnights Monday - Thursday, with a work schedule of four (4) days on and three (3) off. The work is expected to begin middle of the first quarter, 2018.

Air Canada recognized the value of utilizing and enhancing internal resources, something our Members in Aircraft Maintenance have not seen in many years. It is refreshing.

We remain cautiously optimistic moving forward.

In solidarity,

David Freeman
General Chairperson
Central Region
