MAINTENANCE CHECKS ON

PARKED AIRCRAFTS IN MIRABEL

Dear Brothers and Sisters,

For many weeks now, your shop stewards, maintenance members and myself have been working hard to have the maintenance checks on our parked aircrafts in Mirabel done by our members to keep many of them at work.

For your information, attached is the letter from Mr. Richard Steer, SVP Operation, to that effect.

This is a victory - United We Stand. Congratulations to all those who participated in this success.

I wish to thank Mr. Richard Steer who heard our request.

In Solidarity,

Serge Gélinas,
General Chairperson – Eastern Region

Fred,

This is to advise you that ACM has procured parking spaces for approximately 9-10 aircraft in Mirabel, Quebec (YMX).

This provides ACM YUL the opportunity to retain an additional five category 01 AMEs in order to perform long term storage checks on the aircrafts.

ACM has also procured some office space for the AMEs to utilize for lunchroom and administrative duties.

ACM will provide daily transportation to and from YUL to YMX and will ensure that the required vehicles, tooling, etc. will be transported to YMX to enable the AMEs to perform their tasks.

We will continue to review viable opportunities to retain employees and will keep you informed should any arise.

This decision is taken on a without prejudice or precedence basis in order to deal with the current situation and to maximize staffing levels during this crisis.

Please do not hesitate to contact me should you have any questions.

Regards,

Richard Steer
SVP, Operations
